

The Tamarac North Lauderdale Chamber of Commerce has a lot to be proud of over the last six months. From breakfast attendance numbers to the number of new members joining in just one month, we have broken some long-standing records. Not only have we had tremendous support at all of our events, but in further delivering value to our members, the marketing committee has ensured that our chamber is enjoying premium spotlight on various social media platforms, and ultimately reaching well over 80 thousand people in the last six months. We have also had some extremely successful events from the B2B Expo to the Bowling for Business event which more than doubled the attendance from last year, making it our most successful event to date. Of course, let us not forget that we still have six months to go and have some

really exciting events and opportunities coming up which we will be providing more information about at future chamber breakfasts.

None of this success could have been achieved without the hard work and dedication of our chamber members. Thank you for being part of this phenomenal Chamber of Commerce. Your membership, input, and ideas are highly valued and appreciated.
